## Winery Tours in the Southern Highlands of NSW

(June 2018)

Just 120 Kilometres south of Sydney & close to Wollongong & Canberra, the beautiful Southern Highlands, sitting at an altitude of around 700 metres is now, after over 17 years of growth, producing many of Australia's award winning cold climate wines.

With over 60 vineyards & some 16 cellar doors, many with first class facilities including tasting rooms & restaurants, the district has become extremely popular for a day of Wine Tasting & Touring!

James Halliday, who is one of Australia's foremost wine judges, awarded in 2014 Centennial Vineyards the "Outstanding Winery" award of "five red stars" ranking it amongst the best wineries in Australia.

Tertini Wines has also been awarded a "five black star" rating two years in a row & was highly rated for its Release Chardonnay 2011 & Reserve Pinot Noir 2009. Eight other Southern Highlands Vineyards also ranked highly, including Bendooley Estate, Cherry Tree Hill & Eling Forest.

Among the award winning cool climate wines produced here are Riesling, Pinot Gris & more recently some excellent Cabernet Sauvignon.

Departing your Southern Highlands accommodation at around 10:30am, a six-hour Group Tour enables a visit to four of our excellent wineries for tasting & talk with time for lunch at one of these wineries. You must organise your own group from 12-33 people which will cost \$95.00 per head for 16-33 pax & \$105.00 per head for 12-15 pax. This includes a delightful Ploughman's Lunch & all winery fees. (Monday to Saturday, but not Sundays or public holidays, which attracts a 15% surcharge).

Should there only be 1 to 4 people, then we provide an excellent Taxi Winery Tour where our driver, who is a local of the district, will take you on a similar tour to that described above except it is quicker as a small number of people can be attended to by the winery staff faster than a large group.

A Taxi Winery Tour enables a visit to four wineries with a Ploughman's Lunch at one winery in just five hours. A Taxi Winery Tour costs \$100.00 for the first hour & \$80.00 each hour thereafter. A five-hour tour therefore costs \$420.00, plus the cost of lunch & the total cost is shared by each of the taxi occupants. Chauffer driven Hire Cars are also available at a slightly hire rate. A winery tasting fee of \$5.00 per person, per winery, is also required.

Should there be more than four people but less than twelve, then we offer a Maxi Cab which costs \$140.00 for the first hour & \$100 each hour thereafter, plus the cost of lunch & \$5.00 tasting fees per winery. Our maxi cabs can accommodate up to eleven people. The larger the group the longer it takes to complete a tour & if a maxi cab is carrying the maximum capacity then you should budget on at least one hour per winery plus travel time of fifteen minutes between each winery. Lunch requires approx. an additional one hour.

All prices are ex Bowral, Mittagong or Moss Vale with slightly higher charges applying to pickup/drop off outside of these towns (Add 15% for Sundays or Public holidays). Tours may be longer or shorter in times as we are only too happy to tailor a tour to suit your time constraints and your budget.

Additional charged apply to pick up and drop off from Sydney & other long-distance locations.

Prices may change at any time, therefore please check with our office staff for current rates.

Assuring you of a wonderful & memorable day & each tour includes a cross section of the Southern Highlands spectacular and beautiful scenery.
